COMMUNIST LEAGUE OF BANGLADESH (M-L)

LONDON

27th May 1981

Dear Comrades,

I am directed by the Central Committee to inform all fraternal parties, organizations and groups that the unity congress scheduled to be held in July will now take place in Nov/Dec. of this year. This delay is due to the systematic unification of all the party affiliated mass organizations. Bangladeshi Communist (no. 3 1980, no. 1 1981) may have indicated about these events. These events were: unification of students organizations, formation of a front party, unification of the TU organizations and the founding of a national peasant organization through merger. These urgent tasks have delayed some vital preparatory work of the unity congress itself.

The unity congress preparatory work includes, three separate congresses of the merging organizations. Each organization will hold a number of district congresses prior to their central one. This work was held up due to the above mentioned processes of merger (mass organizations). This work will start from June '81.

I thank all the fraternal parties, organizations and groups who have already wished the unity congress a success by written or oral communications.

The Central Committee conveys its fraternal good wishes to all the Communist parties, organizations and groups through me.

With Communist greetings,

(Abul Hossain)

External Representative of the CC.
