LASTCALI

TF your Local or Branch has not got into line for this season's Lyceum, this is the last call! Routes are to be made up and dates assigned

Over 250 towns have already "signed up" and agreed to sell the \$200 worth of subscriptions which brings the Lyceum Course free.

WHAT THE LYCEUM DOES

Commands general attention by its advertising. Reaches non-Socialists through publicity campaign in news papers. Educates the public through systematic distribution of leaflets. Increases circulation of Socialist papers and books. Makes new converts to Socialism. Brings Socialists into the Party Organization. Sets party members to work at something definite and constructive. Shows them how to work effectively. Builds up the fighting efficiency of the Party Organization by this practical experience in working together.

These results are worth having-worth working hard to get.

The Lyceum is designed simply and solely to enable you to accomplish these things with less work and money than would be required if you attempted to "go it alone."

Once more! Bring up the Lyceum question at your next meeting and vote to sell the \$200 in subscriptions. Don't do as many Locals did last year-wait until it's too late and ask to be put on after the routes are made up and dates fixed.

Act now. Make good the claim that "our campaign never ceases."

SOCIALIST PARTY 111 N. Market Street, Chicago

LYCEUM DEPARTMENT

L. E. KATTERFELD, Manager

National Executive Committee

November 12, 1912.

To the National Executive Committee.

Dear Comrades:—The vote on the resubmitted motion by Irvine that the National Secretary appoint a territorial secretary for Alaska for three months, and that \$100 be appropriated toward his expenses, resulted as follows: Voting Yes—Haywood, Hillquit, Irvine and Spargo; the others not voting. The motion is therefore adopted.

Before the appointment is made an

Before the appointment is made an attempt will be made to secure the consensus of opinion of the Alaska comrades as to who should be appointed. On November 7 the following mo-

"Motion by Spargo: I move that the books and the accounts of the National Campaign Committee be im-mediately audited and with auditor's report be transferred and accepted by mediately audited and with auditor's report be transferred and accepted by National Secretary, that the account of the Campaign Committee be entered as part of regular party account. Vote by wire."

All members of the committee voted Yes. The motion is therefore adopted.

adopted.

The owners of the building in which the National Office is located desire to know whether or not we want to continue to occupy our offices here after April 30, 1913. I have delayed the matter a couple of months, thinkafter April 30, 1913. I have delayed the matter a couple of months, thinking that you would hold a meeting soon after election. But our assuming some \$10,000 or \$12,000 of debts of the Campaign Committee makes it impossible to take up any new work soon. It will also probably be necessary to set aside 20 or 25 per cent of the dues to meet the expenses of the meeting of the National Committee next May. It is also probable that the Lyceum Department will need considerable of additional financial assistance. Under the terms of the new National Constitution a stenonew National Constitution a steno-graphic report of all discussions tak-ing place in your meetings must be taken and published, which will probtaken and published, which will probably cause each meeting to cost a thousand dollars, more or less, according to the length of the meeting. Under these circumstances I take it that you are not likely to meet soon, and I therefore wish to place this

and I therefore wish to place this matter before you by correspondence. At present we are sub-tenants. The second floor costs us \$2,250 per year, and the third \$2,500. The owners will rent these floors to us beyond April 30, 1913, for \$2,400 each per year. We can have them for one, two or five years. If taken for one of the shorter periods, it is possible that the rent would be increased at the end of such period.

It is impossible to know at this time whether we will want additional time whether we will want additional room for a printing plant or otherwise. All other floors in the building are already rented beyond April 30, 1913. The place is well suited to our purposes. If not taken now, it will no doubt be rented to others. I recommend that we take these two floors. Kindly let me know your opinions as to whether we should rent them or not; and, if so, for what length of time. It is necessary that I have this information soon.

I have this information soon.

The Lyceum Department will occupy the space vacated by the Campaign Committee. With a growing Lyceum Department, a new Information Department, an additional trans-lator-secretary and increasing need of room for storage, files, etc., we need

both floors.

The following communication has been received from Translator-Secretaries Armin Loewy, Hungarian; N. Juel Christensen, Scandinavian; Joseph Corti, Italian; Joseph Novak, Bohemian; Frank Petrich, South-Slavic, and J. W. Sarlund, Finnish, with a request that it be transmitted with a request that it be transmitted

"We earnestly urge your speedy action on a matter which we think is of great importance to the Socialist

movement.

"Down in one of the darkest corners of the civilized world, in the Balkan peninsula, a bloody war—a wholesale butchery of the unawakened masses of working people—is going on. Tens of thousands of our unfor-tunate brothers, Christians and Mohammedans alike, have already been massacred on the altar of Mammon, to the joy of plutocracy. Thousands of Greeks and Turks, Armenians, Servians and others in America are being induced and transported by the agents of capitalism to defend "their agents of capitalism to defend "their countries" to take the places of their butchered brethren in the long-planned-for work by the European powers to drive away "the sick man of Europe." It seems at present that the allies are more successful than was expected at first, and the powers are likely to intervene at any hour, and, according to the latest dispatches, two American warships are now speeding to the scene to care for the American missionaries and, of course, to protect the American in-

terests.
"The International Socialist Bureau at Brussels has issued a manifesto to arouse the people to protest against this war, and protest meetings have been held everywhere in Europe. Similar meetings are being arranged for in some parts of the United States, mostly by the foreign-speaking So-

cialists, and one is to be held in Chicago on December 1, but the National party has not made any move in that

direction as yet.

"In this respect we would suggest that you authorize your National Secretary either to issue a manifesto in the name of the Socialist party of the United States or to republish the manifesto issued by the International Bureau and send it to the Socialist

November 29, 1912. To the National Executive Committee. Dear Comrades:—Herewith is submitted amendment by Spargo to Irvine's motion in regard to leasing space for National headquarters:

"That we renew our lease, for one floor only, at the present rental for

"Comment: It seems to me that it would be a big mistake to contract for both floors for a period of two years. The time has come, in my judgment, to consider seriously the whole question of party headquarters' rental. Why should we pay an annual rental of \$4,800? Would not three or four times that sum pay for the erection of a suitable building in some less expensive place than Chi-

"In my judgment, we ought to re-new the lease for one floor only for one year. Then we should elect a small committee of two or three comsmall committee of two or three com-rades (I would suggest Comrade Goe-bel and Comrade Dan White for the service) to make a thorough investi-gation of the facilities available in a number of cities with a view to the removal of our headquarters from Chicago. With such a report sefore us it would be possible for us to make some very definite suggestions to the new National Committee at its first meeting."

NATIONAL COMMITTEE.

November 29, 1912.
To the National Committee.

Dear Comrades:—Herewith are submitted for a vote of your body motions Nos. 7 and 8, proposed by Maurer of Pennsylvania, and supported by Hogan of Arkansas; Bes-

semer, Clifford and Eby of Ohio; Fuller of Pennsylvania, and Noble of

Motion No. 7: "That the National Secretary be instructed to discontinue lease of present headquarters at a rental of \$4,800 per year, beyond the time when the present lease expires, April 30, 1913."

Motion No. 8: "That a representative of the National Committee be elected to investigate the possibilities of Springfield, Ill., and Indianapolis, Ind., as location for National headquarters."

Comment by Clifford (Ohio): "I Motion No. 7: "That the National

Comment by Clifford (Ohio): "I agree with Comrade Maurer that \$4,800 per annum is more than the movement can afford, and that some other city, where moderate rent could be secured, would answer the purpose as well as Chicago. What would thus be saved in rent would enable the party to pay its National Secretary a few hundred dollars more in salary. Considered from the viewpoint of responsibility, executive ability and labor performed, our National Secretary is the poorest paid official in the United States."

The vote will close December 20. Please use the enclosed voting

Organizers. Whitehead, Kansas: Reports committees organized at Baxter Springs, Galena, Skidmore, Wier City, Pitts-burg, Humboldt. This closes Com-rade Whitehead's work in Kansas.

Work of the Woman's Department. In compliance with Simons' motion circulars have been sent to all locals urging that they set aside November 24 as Progressive Woman Day.

Further definite instructions upon the Progressive Woman are now in

Letters urging the necessity of or-ganization and special propaganda work among women sent to all locals, state and national officials.

With the recent enfranchisement of the women of Kansas, Oregon, Ari-zona and Michigan, we should realize

as never before the importance of reaching the thousands of working women and housewives with our propaganda. Those state organizations which have not elected or appointed state correspondents to direct this work, should do so at once.

THE SOCIALIST
AUDIT OF CAMPAIGN COMMITTEE ACCOUNTS.
ERNEST RECKITT & COMPANY, CERTIFIED PUBLIC ACCOUNTANTS, CHICAGO, November 13, 1912.
The Campaign Committee, The National Socialist Party, 111 North Mar- ket Street, Chicago, Illinois.
Treasurer for the period September 1, 1912, to November 9, 1912. We beg to report that we have found satisfactory vouchers on file, duly approved by either the Secretary or Treasurer, for all liabilities incurred and disbursements made. All cancelled checks returned by the bank were examined as to signature and indorsements and compared with their respective entries in the Cash Book and found to be in order. The bank balance as at November 9 was reconciled with the statement furnished by your bankers. We have compared all receipts during period under investigation, as recorded in Cash Book, with the duplicate receipt stubs; the details of same were also compared, as regards September, with the lists published in the Bulletin, whilst, as regards the period October 1 to November 9, certified lists have been handed by us to the printers, and will be compared by us with the Bulletin when published. No detailed list of cash receipts for literature and supplies sold is published. All postings and additions in the Books of Account were checked by us. We have satisfied ourselves that the statement of cash receipts and expenditures for September, as published in the October Bulletin, is correct. We have audited the statement of cash receipts and expenditures for the month of October and have handed a certified copy of same to the printers. We submit herewith the following schedules: "A" Statement of Assets and Liabilities as on November 9, 1912. "B" Statement of Income and Expenditures from May 23, 1912, to November 9, 1912. "C" Details of Miscellaneous Accounts Receivable as on November 9, 1912. "E" Details of Miscellaneous Accounts Receivable as on November 9, 1912, to November 9, 1912. "E" Details of Miscellaneous Accounts Receivable as on November 1, 1912, to November 9, 1912. Schedule "B" embraces all the financial transactions of the committee during the present campaign, and includes income not yet actually received and such expenditures as have been incurred, but which still remain unpaid; a detailed lis
vember 9, 1912, the transactions prior to September 1 having been checked by other auditors, whose figures have been incorporated by us in the statements submitted herewith. Respectfully submitted,
ERNEST RECKITT & Co., Certified Public Accountants.
