

# MAO-NIXON ALLIANCE

At a time when imperialism is faced with an economic crisis of the magnitude of the 1930s and every capitalist nation is attacking the working class we see the welcoming of Nixon the "No. 1 Enemy" to China.

This is just a culmination of a series of deals with world imperialism that the supposedly revolutionary Mao regime has made in the last period. Just as the Russian bureaucracy laid the basis for the regrowth of imperialism following the second world war when the Stalin regime cynically divided the world up at the expense of the growing revolutionary upsurge, so we see the Stalinist bureaucracy in China aiding imperialism in a period of severe crisis.

AS THE WORKING CLASS IS ATTACKED INTERNATIONALLY WE SEE STALINISM COMING TO IMPERIALISM'S AID.

When the reactionary Humiery government in Sudan was murdering and jailing hundreds of communists and trade union leaders, Humiery was being wined and dined by the Stalinists in Peking.

At the same time as the Shah of Iran was hanging Maoists in the capital of Iran; Chow En Lai was being wined and dined at the bourgeois festival celebrating the Persian empire.

This is how the Stalinists fight imperialism.

Where does the W.S.A. leadership stand on these questions?

Are these arch apologists for the Stalinist bureaucracy prepared to face the rank and file of W.S.A. openly about these questions?

They deny the Leninist principle of support for self-determination of Bangla Desh. They supported Mao when he supports the butcher Yahya Khan in the slaughter of millions of workers and peasants in Bangla Desh. They supported Chou En Lai's gift of £15,000,000 and gunboats to the Bandaranaike government in April last year to aid them in the murderous suppression of the peasant and student revolt in Ceylon.

The W.S.A. leadership has just launched an attack on the "Trotskyites" and "Healyites" in their internal bulletin. It is no accident that it comes at a time when they are preparing to defend the even greater sell outs of the future. In order to cover for the intending sell out of the Vietnamese socialist revolution they continue the policies of peaceful coexistence and socialism in one country.

The members of the W.S.A. are no longer fooled by their left talk in face of sell-out policies. They are now realizing the true nature of Stalinism. They are realizing that the Trotskyists of Labour Press warned about this long ago.

The Stalinists are forced to attack the Trotskyists because they are the only ones who pose a Marxist alternative. It was Trotsky and the left opposition that initiated the struggle to defend the gains of the October Revolution against the Stalinist bureaucracy in Russia. It is the Trotskyists of the International who continued the struggle to build a revolutionary party internationally against the sell-out of the Stalinists.

Too long have the M.L.s and the W.S.A. leadership been able to divert revolutionary youth and workers away from the road of Marxism with lies and distortions. The Stalinists hounded Trotsky for years and half way around the world to murder him, not because they feared one man but because they fear Marxism and dialectical materialism. They knew then that Trotsky and the Trotskyists were the only ones who could awaken the working class to their historic task.

The world has changed since then. We are faced with a world depression and an international capitalist class that is forced to launch an open war on the working class. They are attacking every basic condition that was won in the post war boom period.

W.S.A. members demand that the leadership account for not only the recent crimes of the bureaucracy but the whole history of Stalinism. Let it be known that there are Trotskyists and Healyites in W.S.A. and that they are determined to fight for a revolutionary youth movement that will take up the struggle for leadership against the McMahon government's attacks on the working class.

"WITHOUT A REVOLUTIONARY THEORY THERE IS NOT REVOLUTIONARY PARTY"  
This is the basis on which Lenin fought for the Russian Revolution. The Stalinists have revised Marxism for over 30 years. They are now scared to face the revolutionary youth that they have misled. They must be forced to account. The class line is now drawn - where do they stand?

Only the Trotskyists of Labour Press can build a youth movement, it is only they who fight for dialectical materialism as the basis of a revolutionary party. The Stalinists are terrified. The revisionists of the fake "fourth international" in S.Y.A. meekly moan about Mao while they bloc with the Stalinists in the C.P.A.

It is up to us to take up the struggle. Don't capitulate to gossip and slander. Bring it out in the open. True Marxists an face the working class. We are prepared to - where is Langer?

- + BUILD A REVOLUTIONARY YOUTH MOVEMENT BASED ON MARXISM.
- + DEFEND THE GAINS OF THE SOCIALIST REVOLUTION IN CHINA AGAINST THE BUREAUCRACY.
- + DEFEND THE SOCIALIST REVOLUTION IN VIETNAM.
- + DO YOU KNOW WHAT TROTSKYISM IS? OR ONLY THE LIES AND SLANDERS SPREAD THROUGHOUT THE WORLD BY STALINISTS.
- + W.S.A. LEADERSHIP MUT PUBLICLY ANSWER TO THE RANK & FILE.
